

Money Matters

Undergraduate Home students 2025/26

Introduction

Welcome to Money Matters – your guide to everything you need to support you through the sometimes tricky business of juggling your finances while you're at university.

We'll explain the different fees and highlight other expenses you will encounter; we'll describe the funding that's available to you and how to apply for it; and we'll tell you where to go for help and support when you need it.

Costs and budgeting

Like most of our students, this may be the first time you have had to manage your own finances. We understand how overwhelming that can be and if ever you want help or advice, there's a range of support services you can call on whenever you need them ([see page 14](#)).

Considering your costs

It's important to think about your finances in good time before you arrive at Kingston University. Make sure you're clear on what fees you are required to pay and that you apply for any funding you may be entitled to (see Funding, [page 10](#)).

Planning your budget

Planning your budget is an essential part of managing your finances. Think about everything you will need to spend money on and make sure planning and prioritising your payments will help you avoid unnecessary financial worries.

Help with fees

There are a number of ways you can get help with the cost of being a student. These include tuition fee loans, maintenance loans and bursaries.

Details of your eligibility and how to apply are in the next section. Remember too, that you can top up your income with a part-time job. Take a look at the University Jobs Central [jobscentral.kingston.ac.uk/students](#) for a list of part-time jobs in the local area.

Advice and guidance

Our experienced Student Welfare Advisors are on hand to give you advice and guidance about any money-related issues. This includes managing your money, claiming benefits, student finance queries, and dealing with debt. Confidential one-to-one appointments, drop-ins, email and telephone information and advice are all available. You can also ask us questions through StudentHUB, our online advice service. You can also meet with Student Welfare Advisors, who run drop-in sessions and can help provide you with any support you need ([see page 14](#)).

Tuition fees

The following pages outline the fees you will be required to pay, and the funding options available to help you pay them.

Tuition fees

All students are required to pay tuition fees. The tuition fee is not dependent on your household income.

For the academic year 2025/26 these are as follows:

Full-time tuition fees

Course type	2025/26 Fee
Full-time Undergraduate	£9,535
Foundation Year 0 (Classroom Based)	£5,760
Foundation Year 0 (Studio / Laboratory Based)	£9,535
Foundation Degree Pharmaceutical & Chemical Sciences	£9,535
2 Year Foundation Degrees / HND (Year 1)	£8,300
2 Year Foundation Degrees / HND (Year 2)	£8,100
FdA Early Years FdA SENIP (Year 1)	£7,300
FdA Early Years FdA SENIP (Year 2)	£7,000
FdA Early Years (Early Years Educator Pathway) (Year 1)	£7,700
FdA Early Years (Early Years Educator Pathway) (Year 2)	£7,000

NB – The fees shown above apply for year 1, unless stated, of the degree onwards for the 2025/26 academic year (fees will rise inline with inflation for future academic years). Some courses may incur costs, for example field trips and course specific clothing.

Please see individual course details for more information.

Part-time tuition fees

Part-time tuition fees

If you are unsure about your fees, please refer to our website: kingston.ac.uk/fees

Undergraduate Course	Full-time	30-credit module
Standard Fee	£9,535	£2,381
Foundation degree (two years)	£8,300	£2,075
Early Years (SENIP): Year 1 (new students and Year 1 repeats)	£7,300	£1,825
Early Years (EY Educator): Year 1 (new students and Year 1 repeats)	£7,700	£1,925
Early Years: Year 2	£7,000	£1,750

When to pay your fees

Don't wait until the last minute to complete these, do them now to ensure your enrolment is not held up.

Level of Study	Payment Method	Paying in Instalments?	Required to Enrol
Undergraduate or Foundation	Tuition Fee Loan	Not available	Confirmation of approved loan from Student Finance
Undergraduate or Foundation	Self-Funding	Yes	Set up a payment plan once you have enrolled and received an invoice for your fee
Undergraduate or Foundation	Self-Funding	No	Payment in full before enrolment
Undergraduate, Foundation or Postgraduate	Sponsored	Not available	Completed sponsorship form submitted and approved by the University

Important

It is important that you pay your fees to the University on time. Failure to do so will delay your enrolment and may lead to a disruption in your course.

Continuing students who have tuition fee debt outstanding from previous academic years will not be allowed to re-enrol until the debt and associated costs have been cleared.

Should a fee fall overdue due to non-payment, the University operates a formal recovery procedure which includes the use of external agencies and may result in a County Court Judgment ('CCJ') being registered against you in the amount of the debt, plus costs, plus interest.

Payment methods

Option 1: Tuition fee loan

If you have successfully applied for a tuition fee loan, then your tuition fees will be paid automatically to the University through Student Finance England. For more information view the Funding section.

Option 2: Sponsorship

If we have received confirmation from your sponsor that they are funding your studies then we will invoice them directly for your tuition fees. For more information on sponsorship please view the section on how your employer, an embassy or other organisation can pay your fees.

Option 3: Self-funded

Online payment

The most convenient way to pay your fees is by using the Kingston University Payment Portal, which can be accessed here:

kingston.ac.uk/payment

You can pay using cards that display these symbols:

If someone is paying on your behalf you can log into the Payment Portal and set them up as an authorised user of your account.

Paying in instalments

If you would like to pay your fees by instalment over the academic year you will need to sign up to a payment plan or payment for the full years fees will be required immediately. Payment plan sign up can be done within the University Payment Portal, after you have enrolled and received your fee invoice.

Instalments will be paid automatically from your chosen account on the due dates specified by the University (see table overleaf).

Setting your payment plan up late or missing an instalment can result in the percentage of your fee being distributed to each instalment to differ from the values provided in the table overleaf.

Should you opt to pay your tuition fees by instalment, the payment collection dates are:

Official course start date	1st Instalment (33%)	2nd Instalment (33%)	3rd Instalment (34%)
Aug/Sep/Oct 25	23-Oct-25	15-Jan-26	07-May-26
Nov/Dec 25	15-Jan-26	05-Mar-26	04-Jun-26
Jan/Feb 26	05-Mar-26	07-May-26	02-Jul-26
Mar/Apr 26	07-May-26	02-Jul-26	08-Oct-26
May/Jun 26	02-Jul-26	03-Sep-26	03-Dec-26
Jul 26	03-Sep-26	05-Nov-26	14-Jan-27

Please note this is the only instalment plan option available.

Important

Payment by instalment is only possible where a payment plan has been set up within the Kingston University Payment Portal. This must be in place at least 5 days prior to the instalment date for us to collect the payment directly from your account.

Ensure you have enough money in the account on the due dates; otherwise your card provider may make a charge to your account for every default. If you wish to cancel your payment plan, you forfeit the option to pay by instalments and the remainder of the balance will become immediately due. If you have any unforeseen circumstances that mean you are unable to pay a particular instalment amount, please contact the Accounts Receivable team for advice rather than cancel the instruction.

How and when to pay your accommodation fees

Accommodation fees

If you have been allocated a place in university accommodation, you can pay your accommodation fees in one of the following ways:

- In full by 1st October 2025
- In full upon receipt of the licence
- By instalment plan

Instalment dates for Kingston University accommodation can be found in the table below.

It is only possible to pay by instalment if you have signed up to an accommodation payment plan within the Kingston University Payment Portal.

Setting your payment plan up late or missing an instalment can result in the percentage of your fee being distributed to each instalment to differ from the values provided in your halls licence.

Information relating to your tuition and accommodation payments

As with any financial transaction, certain unavoidable rules and regulations apply. Do take time to read the following and you'll avoid any unnecessary issues or worries later on.

- You need to have your funding method in place and confirmed before being able to complete your enrolment.
- It's important that you pay your fees to the University on time. Failure to do so may lead to a disruption in your course.
- There must be enough money in the nominated account to meet the payment at the time it is collected, otherwise your bank or card issuer may make a charge to your account for each default.
- The only way to pay by instalment is by signing up to a payment plan within the University Payment Portal. If you wish to cancel your payment plan, you forfeit your option to pay in instalments and will be required to pay the outstanding balance in full immediately.
- It is your responsibility to update your contact details and to provide the University with a current term-time address – this can be done via OSIS (Online Student Information System) or through your student office/course administrator.
- You are required to update any changes to your address or telephone number as soon as the changes occur. Failure to do so may incur charges, should we need to trace you.
- Continuing students who have tuition fee debt owed to the University from previous academic years will not be allowed to re-enrol until the debt and associated costs have been cleared.
- Students that enrol late will be required to bring their fees up-to-date and in-line with their cohort before their enrolment can be completed. Please contact the Accounts Receivable Team for more details.
- If the University suspects that a card payment may be fraudulent or be subject to a chargeback request from the card issuer, we reserve the right to immediately suspend access to university facilities, and we may refer the matter to the police.
- Should a fee fall overdue due to non-payment, the University operates a formal recovery procedure which includes the use of external agencies and may result in a County Court Judgment ('CCJ') being registered against you in the amount of the debt, plus costs, plus interest.

Funding

Help with funding

There are two main types of cost for most students; tuition fees and maintenance costs. There are funding options for most students for both of these.

Tuition fee loan

UK undergraduate students can apply for a student loan to cover their tuition fees. Most students can borrow up to the full fee that applies for their course. You do not need a confirmed offer before you can apply for your loan – simply apply using your first choice of course.

Maintenance loan

Maintenance loans are available to help cover living expenses such as accommodation, travel, books, course materials and food. There are different tiers as follows:

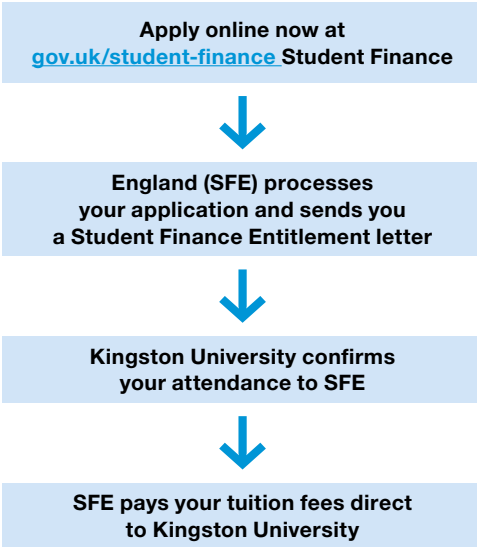

Loan amount (for students starting courses in 2025/26)	Who is eligible
Up to £8,877	Living at home
Up to £10,544	Living away from home, outside of London
Up to £13,762	Living away from home, in London
Up to £12,076	You spend a year of a UK course studying abroad

How and when to apply

The easiest way to apply is online at [gov.uk/student-finance](https://www.gov.uk/student-finance). Follow the on-screen instructions and, once your application is processed, you will receive a Student Finance Entitlement letter explaining what you are entitled to. Once your application is approved, your tuition fees will be paid directly to the University by the Student Loans Company.

Applications take approximately six weeks to process. We advise you allow plenty of time to ensure your finances reach your account in time for the start of term.

Process for student loans in England

What if my circumstances change?

If your circumstances change after you've made your application, you will need to log in to your online account at gov.uk/apply-for-student-finance/change-an-application and click on section 5 'Update your details if your circumstances change'.

If your loan application has been approved, the online service will allow you to change your application details, your course and your loan amount.

If your loan hasn't been approved yet, then you will only see the 'change your application details' option.

After your course starts, the University will be able to change your course details or tuition fee loan amount if required.

Clearing students

If you have already applied for student finance but have changed your course or university through Clearing, you'll need to inform Student Finance England of the changes directly. If you do not inform them, the Finance team will not be aware and will instead request the amount from you.

Important

If your application for a tuition fee loan is not successful, you will still be liable for your tuition fees. Similarly, if your application for finance is late, it may result in you being invoiced for fees which you will be responsible for until your application has been processed. If your funding is still not in place by the first instalment date for your cohort you will be required to have either paid your tuition fee in full or have a payment plan in place to enable you to pay by instalment. Any monies paid will be refunded should funding subsequently be received. Failure to do so may lead to a disruption in your course.

Can my employer or an organisation pay my fees?

Yes. If your employer or another organisation agrees to pay all or part of your tuition fees, the University will refer to them as your sponsor. The University will invoice your sponsor for the amount they have agreed to pay.

How does the sponsorship process work?

Your sponsor will need to send us a completed Sponsorship Agreement Form before your enrolment – you download the form from kingston.ac.uk/payment

Completed Sponsorship Agreement Forms and letters should be emailed to sponsorletters@kingston.ac.uk, or uploaded to OSIS before you enrol on your course.

Important

- Notification of sponsorship is required for each academic year of study, and payment by a sponsor is due upon receipt of invoice.
- There is no instalment option for sponsor payments.
- The University may conduct credit checks on the sponsor and reserves the right to reject a sponsor letter or purchase order.
- Remember, it remains your responsibility to ensure that the Finance team has received your sponsor letter and it contains all the necessary information as outlined previously.
- The University will not be able to invoice your sponsor until we have received their letter or purchase order and this may also delay your enrolment.
- If your sponsor fails to pay on receipt of invoice or withdraws their support at any point in the year, you will be responsible for any outstanding fees at that point and the university will hold you liable for that amount.
- Your sponsor cannot be a family member or a company of which you are a director.

Frequently asked questions

How do I contact the Accounts Receivable Team?

Within the StudentHUB (studenthub.kingston.ac.uk) there are a number of additional FAQs in the section titled 'Fees and Payment'. If you cannot find the answer you require there you can submit an enquiry and the team will get back to you.

What if I want to withdraw from or suspend my course?

To submit a request to withdraw or suspend your studies, you should use the "Your Studies" section on OSIS. Before you do, please read through the full regulations kingston.ac.uk/aboutkingstonuniversity/howtheuniversityworks/policiesandregulations

Depending on when you withdraw, you may still be liable for certain amounts of fees to be paid. You can find out how much you would be liable for in the Appendix 1 at the end of the booklet on [page 15](#).

What if I have a complaint or dispute?

Complaints should initially be raised at a local level in writing or verbally within 15 University working days of the incident. Staff will endeavour to investigate and respond to the matter within 20 University working days of receipt of the complaint. In the event that we require additional information, we will write to you specifying what it is that you need to provide.

Complaints that relate to billing errors or the service provided by the Finance Team should be sent to:

financecomplaint@kingston.ac.uk

Full information about our complaints policy can be found at:
